### Attention Christian artists!!

ReFLEXion Records, a Christian recording company, has teamed up with IFP Films ([www.ifpfilms.com](http://www.ifpfilms.com)), a 16 year old, internationally award winning film company which specializes in feature films, documentaries, TV, and direct to video programming; and In Focus Brands, the featured branding experts in Entrepreneur Magazine for Fall 2005 and a leading presence in branded entertainment.

We are conducting a talent search for new or undiscovered Christian bands and solo artists. The winners will receive a complete promo package: complete with a CD demo, DVD promo, and several gigs over a 24 month exclusive representation period. ReFLEXion Records and In Focus Brands will use their industry contacts to help develop the winners and land them a deal with a major record label.
